

Year 7 Stationery List 2023

Dear Parents,

One of the changes that occurs as your child moves into secondary school is that stationery items are no longer supplied by the school. This is usual practice in most high schools. This means that parents are responsible for purchasing all stationery items required by their child at the start of the year, and to replenish or replace items as needed throughout the year.

Below is the list of items that your child will require at the start of the school year. Some items, such as pens, are used throughout the year, so we recommend that a box is purchased rather than an individual pen.
